

Donizetti's "The Elixir of Love" Concert Opera March 2010

It's the classic love potion tale with a comic twist – March 26 & 27

Save the dates for concert opera performances you'll never forget! This spring, Donizetti's ever popular "The Elixir of Love" will be performed in Italian with English supertitles at the Clark County Library Theater on Flamingo.

In the Italian countryside, the young farmer Nemorino drinks a "magical" elixir in the hope it will help him win the love of Adina, the prettiest girl in town. Little does he know that the potion, sold to him by a quack doctor, is little more than ordinary red wine.
